The Majestic Christmas Special is speeding to Los Angeles.

SPEEDING toward Los Angeles on passenger train schedule...coupled together with a few cars of 1929 model automobiles and other much needed holiday merchandise...the largest single shipment of radio receivers ever sent to the Pacific Coast is well on its way to Southern California.

The Union Pacific is clearing the tracks for the Majestic Christmas Special in order that Southern California Majestic dealers may be able to fill the avalanche of orders that has been pouring in on them for the past two weeks. The twelve cars...half a train load...of Majestic Electric Radio Receivers that are now rolling toward Los Angeles will insure a Merry Christmas to more than 2000 families.

It was not easy to get this special shipment of Majestic receivers. It was necessary for both the President and the Secretary-Treasurer of Ungar & Watson, Inc., to make a hurried trip to Chicago to ask that special consideration be given the needs of Southern California dealers. And, in spite of the fact that the nation wide demand for Majestic far exceeds the production capacity of the six Majestic factories, they secured the Christmas allotment that is now en route.

Remember, there will be a Majestic for you if you act promptly. Any Majestic dealer can make prompt delivery during the week preceding Christmas. But don't delay. Even this large shipment may prove inadequate. Order yours today.

Manufactured by GRIGSBY-GRUNOW COMPANY CHICAGO, ILLINOIS

The Majestic dealer below will accept your order for delivery NOW, or will hold your purchase for delivery December 24th. He will demonstrate the radio for you without obligation, of course. Call on him today.

Attention Torrance Citizens

Are you aware of the fact that there is a new era dawning for TORRANCE? It seems that a great many CITIZENS here are not awake to the importance of OWNING A HOME HERE while vacant lots and good homes can be had at a low price and on most reasonable terms. There is no doubt about property values going much higher here. We believe it a duty that you owe to yourself and your family to investigate real conditions in TORRANCE. Stupendous sums are being spent by the GENERAL PETROLEUM CORPORATION, and in addition to this, the Santa Fe railroad last year spent over a quarter of a million dollars developing 160 acres, putting in streets, electricity, gas, water and railroad trackage.

There is no doubt but that this will soon be one of the highest class INDUSTRIAL tracts in Southern California; there is every indication that the Glass Plant will open again soon, after being idle for a long period. The new lighting system now being installed will make TORRANCE look 100% better; it is a fact that we have fewer vacant houses here than in any other district in Los Angeles County. THESE and many other facts, should be convincing to you.

We have some very splendid bargains in HOMES and vacant lots. Come in and talk this over with us, and let us prove our statements.

Wishing your a Merry Christmas and a Happy and Prosperous New Year.

Yours truly,

Torrance Investment Co.
